

Joint ICTP-IAEA Advanced Workshop on Multi-Scale Modelling for
Characterization and Basic Understanding of Radiation Damage
Mechanisms in Materials | (smr 2137)

Contribution ID : 57

Type : not specified

Application of DD modeling to plastic deformation of RPV steel in the ductile to brittle transition regime

Friday, 23 April 2010 11:30 (1:00)

Content

Summary

Primary author(s) : C. ROBERTSON (CEA, Centre de Cadarache, Saint Paul lez Durance, France)

Presenter(s) : C. ROBERTSON (CEA, Centre de Cadarache, Saint Paul lez Durance, France)

Session Classification : Application of DD modeling to plastic deformation of RPV steel in the ductile to brittle transition regime
