

Defects, density of states, and differential conductance in heavy fermion systems

Thursday, 5 August 2010 11:30 (1:00)

Content

Summary

Primary author(s) : D. MORR (University of Illinois at Chicago, U.S.A.)

Presenter(s) : D. MORR (University of Illinois at Chicago, U.S.A.)

Session Classification : Defects, density of states, and differential conductance in heavy fermion systems
