

**Point contact spectroscopy of strongly-correlated
electron materials: Andreev reflection multiband
superconductivity and magnetism. The search for
innovative avenues towards developing new families
of superconducting materials**

Thursday, 12 August 2010 11:30 (1:00)

Content

Summary

Primary author(s) : L. GREENE (University of Illinois at Urbana-Champaign, U.S.A.)

Presenter(s) : L. GREENE (University of Illinois at Urbana-Champaign, U.S.A.)

Session Classification : Point contact spectroscopy of strongly-correlated electron materials: Andreev reflection multiband superconductivity and magnetism. The search for innovative avenues towards developing new families of superconducting materials
