

Workshop on Nano-Opto-Electro-Mechanical Systems Approaching the  
Quantum Regime | (smr 2164)

Contribution ID : 30

Type : **not specified**

## Strong coupling in carbon nanotube mechanical resonators

*Thursday, 9 September 2010 09:00 (0:40)*

### Content

### Summary

**Primary author(s)** : HERRE VAN DER ZANT (Delft University of Technology, The Netherlands)

**Presenter(s)** : HERRE VAN DER ZANT (Delft University of Technology, The Netherlands)

**Session Classification** : Strong coupling in carbon nanotube mechanical resonators
