

Allosterism in MutS Proteins and How DNA Mismatch Recognition Signals Repair: Molecular Dynamics Simulations

Wednesday, 13 October 2010 09:00 (1:20)

Content

Summary

Primary author(s) : D. BEVERIDGE (Wesleyan Univ., Dept. of Chemistry, Middletown, U.S.A.)

Presenter(s) : D. BEVERIDGE (Wesleyan Univ., Dept. of Chemistry, Middletown, U.S.A.)

Session Classification : Allosterism in MutS Proteins and How DNA Mismatch Recognition Signals Repair: Molecular Dynamics Simulations
