

# A perspective on density matrix functional theory for ground state and excited state energy surfaces

*Thursday, 13 January 2011 14:30 (0:30)*

## Content

## Summary

**Primary author(s) :** EVERT J. BAERENDS (VU University, Amsterdam, Netherlands)

**Presenter(s) :** EVERT J. BAERENDS (VU University, Amsterdam, Netherlands)

**Session Classification :** A perspective on density matrix functional theory for ground state and excited state energy surfaces
