Workshop on Advanced Oxide Interfaces (9-12 May), followed by: ADGLASS General Meeting (13 May) | (smr 2236)

Contribution ID : 6 Type : not specified

Molecular dynamics simulation of fracture in quartz

Tuesday, 10 May 2011 14:00 (1:00)

Content

Summary

Primary author(s): JAMES KERMODE (King's College London, U.K.)

Presenter(s): JAMES KERMODE (King's College London, U.K.)

Session Classification: Molecular dynamics simulation of fracture in quartz
