

# The oxidation of free and supported clusters: towards an atomistic understanding of nanoscale catalysis and tribochemistry

*Thursday, 12 May 2011 09:00 (1:30)*

## Content

## Summary

**Primary author(s) :** MICHAEL MOSELER (Fraunhofer Institute for Mechanics of Materials, Freiburg, Germany)

**Presenter(s) :** MICHAEL MOSELER (Fraunhofer Institute for Mechanics of Materials, Freiburg, Germany)

**Session Classification :** The oxidation of free and supported clusters: towards an atomistic understanding of nanoscale catalysis and tribochemistry
