

Workshop on Advanced Oxide Interfaces (9-12 May), followed by:
ADGLASS General Meeting (13 May) | (smr 2236)

Contribution ID : 14

Type : **not specified**

Electron tunnelling and bandtail states in oxide glasses

Thursday, 12 May 2011 14:00 (1:30)

Content

Summary

Primary author(s) : MIKE PAYNE (Cambridge University, U.K.)

Presenter(s) : MIKE PAYNE (Cambridge University, U.K.)

Session Classification : Electron tunnelling and bandtail states in oxide glasses
