

**Comparative review of atomic and magnetic
ordering in intermetallic compounds using various
scale probes - part 2: neutron scattering, Mössbauer,
 μ +SR, PAC, XANES-EXAFS-XMCD and NMR
spectroscopies**

Thursday, 16 June 2011 11:00 (1:00)

Content

Summary

Primary author(s) : D. FRUCHART ((Institut Neel, Grenoble))

Presenter(s) : D. FRUCHART ((Institut Neel, Grenoble))

Session Classification : Comparative review of atomic and magnetic ordering in intermetallic compounds using various scale probes - part 2: neutron scattering, Mössbauer, μ +SR, PAC, XANES-EXAFS-XMCD and NMR spectroscopies
