

Topological superconductivity and Majorana fermions in spin-orbit coupled semiconductor/superconductor structures

Thursday, 30 June 2011 11:30 (1:00)

Content

Summary

Primary author(s) : JAY DEEP SAU (Dept. of Physics, Univ. of Maryland, U.S.A.)

Presenter(s) : JAY DEEP SAU (Dept. of Physics, Univ. of Maryland, U.S.A.)

Session Classification : Topological superconductivity and Majorana fermions in spin-orbit coupled semiconductor/superconductor structures
