

Topological Surface States, 3D topological insulators and Platforms for Majorana Fermions

Tuesday, 12 July 2011 10:00 (1:00)

Content

Summary

Primary author(s) : ZAHID HASAN (Department of Physics, Princeton University, Princeton, USA)

Presenter(s) : ZAHID HASAN (Department of Physics, Princeton University, Princeton, USA)

Session Classification : Topological Surface States, 3D topological insulators and Platforms for Majorana Fermions
