Contribution ID: 8 Type: not specified

Topological Surface States, 3D topological insulators and Platforms for Majorana Fermions

Tuesday, 12 July 2011 10:00 (1:00)

Content

Summary

Primary author(s): ZAHID HASAN (Department of Physics, Princeton University, Princeton, USA)

Presenter(s): ZAHID HASAN (Department of Physics, Princeton University, Princeton, USA)

Session Classification: Topological Surface States, 3D topological insulators and Platforms for

Majorana Fermions
