

## Engineering a room-temperature spin Hall state in graphene via adatom deposition

*Monday, 11 July 2011 15:00 (1:00)*

### Content

### Summary

**Primary author(s) :** MARCEL FRANZ (Department of Physics, University of British Columbia, Vancouver, Canada)

**Presenter(s) :** MARCEL FRANZ (Department of Physics, University of British Columbia, Vancouver, Canada)

**Session Classification :** Engineering a room-temperature spin Hall state in graphene via adatom deposition
