

Magnetism and pseudo-magnetism in atomic gases: spinor condensates and an optical Kagome lattice

Wednesday, 20 July 2011 11:30 (1:00)

Content

Summary

Primary author(s) : D.M. STAMPER-KURN (University of California, Berkeley, USA)

Presenter(s) : D.M. STAMPER-KURN (University of California, Berkeley, USA)

Session Classification : Magnetism and pseudo-magnetism in atomic gases: spinor condensates and an optical Kagome lattice
