

**Joint ICTP-IAEA Workshop on Non-adiabatic Dynamics and Radiation
Damage in Nuclear Materials | (smr 2260)**

Contribution ID : **21**

Type : **not specified**

**Charge state effects of radiation damage on
microstructure evolution in dielectric materials under
neutron and charged particle irradiation**

Thursday, 17 November 2011 10:00 (1:00)

Content

Summary

Primary author(s) : A. RYAZANOV (Kurchatov Institute, Moscow, Russia)

Presenter(s) : A. RYAZANOV (Kurchatov Institute, Moscow, Russia)

Session Classification : Charge state effects of radiation damage on microstructure evolution in dielectric materials under neutron and charged particle irradiation
