

The Role of Water in Enzymatic Reactions - THz Spectroscopy as a Tool to Probe Solvation Dynamics

Monday, 10 October 2011 15:20 (0:50)

Content

Summary

Primary author(s) : MARTINA HAVENITH (Ruhr-Universitaet Bochum, Germany)

Presenter(s) : MARTINA HAVENITH (Ruhr-Universitaet Bochum, Germany)

Session Classification : The Role of Water in Enzymatic Reactions - THz Spectroscopy as a Tool to Probe Solvation Dynamics
