

## **Practicalities of molecular computational modeling relevant to renewable energy technologies**

*Tuesday, 18 October 2011 08:30 (1:00)*

### **Content**

### **Summary**

**Primary author(s) :** CHRISTOPHER CRAMER (Chemistry & Supercomputer Inst., Univ. Minnesota, Minneapolis, U.S.A.)

**Presenter(s) :** CHRISTOPHER CRAMER (Chemistry & Supercomputer Inst., Univ. Minnesota, Minneapolis, U.S.A.)

**Session Classification :** Practicalities of molecular computational modeling relevant to renewable energy technologies
