

Theoretical modeling of proton-coupled electron transfer reactions in energy related materials

Tuesday, 18 October 2011 16:30 (1:00)

Content

Summary

Primary author(s) : ALEXANDER SOUDACKOV (Dept. of Chemistry, The Pennsylvania State Univ., University Park, PA, U.S.A.)

Presenter(s) : ALEXANDER SOUDACKOV (Dept. of Chemistry, The Pennsylvania State Univ., University Park, PA, U.S.A.)

Session Classification : Theoretical modeling of proton-coupled electron transfer reactions in energy related materials
