

Spinor quantum gases: from non-classical states of matter to strongly-correlated lattice gases

Wednesday, 12 January 2011 10:30 (0:45)

Content

Summary

Primary author(s) : LUIS SANTOS (Leibniz Universitaet Hannover, Hannover, Germany)

Presenter(s) : LUIS SANTOS (Leibniz Universitaet Hannover, Hannover, Germany)

Session Classification : Spinor quantum gases: from non-classical states of matter to strongly-correlated lattice gases
