

# Spin squeezing in Bose-Einstein condensates: Limits imposed by decoherence

*Thursday, 24 February 2011 15:10 (0:35)*

## Content

## Summary

**Primary author(s)** : A. SINATRA (ENS, Lab. Kastler Brossel, Paris, France)

**Presenter(s)** : A. SINATRA (ENS, Lab. Kastler Brossel, Paris, France)

**Session Classification** : Spin squeezing in Bose-Einstein condensates: Limits imposed by decoherence
