

Emission and scattering of light in nanostructures and ways to modify probabilities of quantum transitions

Thursday, 16 February 2012 15:30 (1:00)

Content

Summary

Primary author(s) : S. GAPONENKO (B.I.Stepanov Institute of Physics, Minsk, Belarus)

Presenter(s) : S. GAPONENKO (B.I.Stepanov Institute of Physics, Minsk, Belarus)

Session Classification : Emission and scattering of light in nanostructures and ways to modify probabilities of quantum transitions
