

Theoretical background for enhancement of luminescence and Raman scattering in metal-based nanostructures

Thursday, 16 February 2012 17:00 (1:00)

Content

Summary

Primary author(s) : S. GAPONENKO (B.I.Stepanov Institute of Physics, Minsk, Belarus)

Presenter(s) : S. GAPONENKO (B.I.Stepanov Institute of Physics, Minsk, Belarus)

Session Classification : Theoretical background for enhancement of luminescence and Raman scattering in metal-based nanostructures
