

From incommensurate correlations to mesoscopic spin resonance in YbRh₂Si₂

Monday, 13 August 2012 16:10 (0:50)

Content

Summary

Primary author(s) : COLLIN BROHOLM (John Hopkins University, Baltimore, U.S.A.)

Presenter(s) : COLLIN BROHOLM (John Hopkins University, Baltimore, U.S.A.)

Session Classification : From incommensurate correlations to mesoscopic spin resonance in YbRh₂Si₂
