

2372-1

**Joint ICTP-IAEA Workshop on Sustainable Energy Development: Pathways  
and Strategies after Rio+20**

*1 - 5 October 2012*

**Workshop on 'SED after Rio+20' : Welcome and overview**

Ferenc L. Toth  
*IAEA, Vienna  
Austria*

# Workshop on ‘SED after Rio+20’: Welcome and overview

**Ferenc L. Toth**

**Planning & Economic Studies Section (PESS)**

Department of Nuclear Energy

IAEA-ICTP Workshop on

“Sustainable Energy Development: Pathways and Strategies  
after Rio+20”

ICTP, Trieste, Italy, October 1-5, 2012

**IAEA**

International Atomic Energy Agency

# Welcome

Welcome: participants

Thanks: Dr Ralph Gebauer – ICTP Host

Special thanks: Elizabeth Brancaccio

ICTP staff

# Overview

SED in SD – increasingly important

Rio+20: expectations vs delivery

Workshop: explore next steps after Rio+20:

int/nat pathways and strategies, linkages

Great interest: >80 applications; 1 in 4 accepted

~ final LoP:

28 participants from 20 countries

Diverse group - disciplines, work areas, interests, ...

→ Expect: presentations, discussions, learning

# Overview

Monday: overview, context

Tuesday: framing, scales, linkages, indicators (SH)

Wednesday: role of nuclear energy in GG and SED

Thursday: multiple resources, renewables (EP)

Friday: renewables+, national strategies

# Logistics

Uniform daily schedule: 8:30 to 16:30

special session(s): Wed; others?

evening activities of choice

Requests:

- *please* be here on time – chairs to follow schedule
- *please* keep your presentation time;  
(IF you need more → special session)
- suggest: 35-40' speak, 5-10' discussion
- chairs: signs 10', 5', 1'; unless refused, but **cut off**
- once in a day Attendance sheet: sign next to name

# Speakers

Contact Kinga *at least 2 breaks before* your session,  
ideally the day before:

- copy ppt file to LR pc
- test presentation

Audio recording: only for summary report: Gaurav

- will prepare summaries of main points
- discuss with presenters – check, approval

# Additional events

Monday evening: workshop reception

Cafeteria, Leonardo da Vinci Building

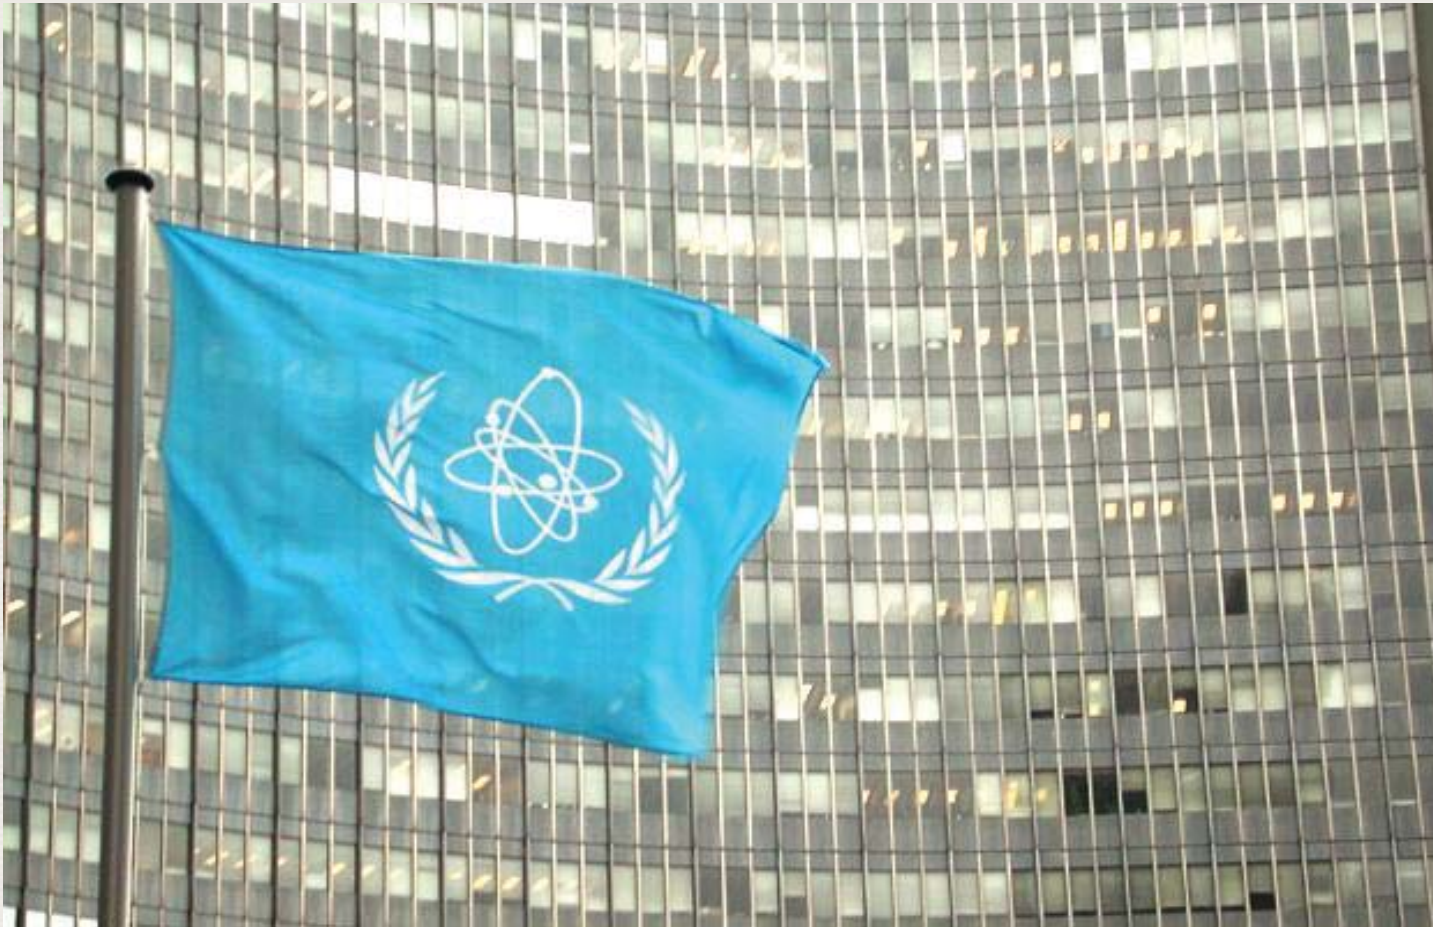

Thursday evening: workshop dinner

Tavernetta Al Molo
