

Advanced Workshop on Energy Transport in Low-Dimensional Systems:
Achievements and Mysteries | (smr 2371)

Contribution ID : 8

Type : **not specified**

Nonequilibrium steady states of boundary driven open spin chains

Tuesday, 16 October 2012 15:00 (1:00)

Content

Summary

Primary author(s) : T. PROSEN (Univ. of Ljubljana, Slovenia)

Presenter(s) : T. PROSEN (Univ. of Ljubljana, Slovenia)

Session Classification : Nonequilibrium steady states of boundary driven open spin chains
