

Advanced Workshop on Energy Transport in Low-Dimensional Systems:
Achievements and Mysteries | (smr 2371)

Contribution ID : 14

Type : **not specified**

**Semiquantum molecular dynamics approach: A new
simulation tool for carbon-based low-dimensional
nanostructures - Part I**

Thursday, 18 October 2012 09:00 (1:30)

Content

Summary

Primary author(s) : YU. A. KOSEVICH (Semenov Inst. of Chemical Physics, Moscow, Russian Federation)

Presenter(s) : YU. A. KOSEVICH (Semenov Inst. of Chemical Physics, Moscow, Russian Federation)

Session Classification : Semiquantum molecular dynamics approach: A new simulation tool for carbon-based low-dimensional nanostructures - Part I
