16th International Workshop on Computational Physics and Materials Science: Total Energy and Force Methods | (smr 2440)

Contribution ID : $\boldsymbol{12}$

Type not specified

Efficient implementation of Hartree-Fock exchange, MP2, and RPA for periodic systems within the GPW method

Thursday, 10 January 2013 15:00 (0:30)

Content

Summary

Primary author(s) : JÜRG HUTTER (University of Zurich, Switzerland)

Presenter(s): JÜRG HUTTER (University of Zurich, Switzerland)

Session Classification : Efficient implementation of Hartree-Fock exchange, MP2, and RPA for periodic systems within the GPW method
