

**Dynamical systems and bifurcation theory with applications to the dynamics of planet earth (Directors: K. Mora - S. Hittmeyer). Non-smooth systems: experiments and applications to earthquake engineering**

*Friday, 31 May 2013 11:15 (1:45)*

**Content**

**Summary**

**Primary author(s) :** LAWRIE VIRGIN (Duke University, United States of America)

**Presenter(s) :** LAWRIE VIRGIN (Duke University, United States of America)

**Session Classification :** Dynamical systems and bifurcation theory with applications to the dynamics of planet earth (Directors: K. Mora - S. Hittmeyer). Non-smooth systems: experiments and applications to earthquake engineering
