

# Statistical anisotropy and non-gaussianity in the $f(\phi)F^2$ model and in solid inflation

*Monday, 29 July 2013 16:05 (0:25)*

## Content

## Summary

**Primary author(s)** : A. RICCIARDONE (Padua University)

**Presenter(s)** : A. RICCIARDONE (Padua University)

**Session Classification** : Statistical anisotropy and non-gaussianity in the  $f(\phi)F^2$  model and in solid inflation
