

Pressure induced transition from Mott insulator to Superconductor in the Cs₃C₆₀ isomeric compounds: an NMR investigation

Tuesday, 24 September 2013 09:30 (0:45)

Content

Summary

Primary author(s) : H. ALLOUL (University of Paris XI, (France))

Presenter(s) : H. ALLOUL (University of Paris XI, (France))

Session Classification : Pressure induced transition from Mott insulator to Superconductor in the Cs₃C₆₀ isomeric compounds: an NMR investigation
