

Superconductivity in electrolyte-gated strontium titanate nanostructures

Thursday, 26 September 2013 10:35 (0:20)

Content

Summary

Primary author(s) : P. GALLAGHER (Geballe Laboratory for Advanced Materials (Stanford, CA, USA))

Presenter(s) : P. GALLAGHER (Geballe Laboratory for Advanced Materials (Stanford, CA, USA))

Session Classification : Superconductivity in electrolyte-gated strontium titanate nanostructures
