

Electronic structure of K doped picene film studied by high-resolution photoemission spectroscopy

Thursday, 26 September 2013 16:40 (0:45)

Content

Summary

Primary author(s) : T. YOKOYA (Okayama University (Japan))

Presenter(s) : T. YOKOYA (Okayama University (Japan))

Session Classification : Electronic structure of K doped picene film studied by high-resolution photoemission spectroscopy
