

Conducting polymers based and natural pigment sensitized photoelectrochemical solar energy conversion

Wednesday, 6 November 2013 17:00 (1:00)

Content

Summary

Primary author(s) : TEKETEL YOHANNES ANSHEBO (Addis Ababa University, Ethiopia)

Presenter(s) : TEKETEL YOHANNES ANSHEBO (Addis Ababa University, Ethiopia)

Session Classification : Conducting polymers based and natural pigment sensitized photoelectrochemical solar energy conversion
