Workshop on Probing and Understanding Exotic Superconductors and Superfluids | (smr 2612)

Thursday 30 October 2014

notitle - LB (Budinich Lecture Hall) (10:55-14:00)

- Conveners: Gedik, Nuh

time	title	presenter
10:55	Superconductivity and quantum phase transitions at oxide interfaces	LESUEUR, Jerome
11:30	Current patterns and optical conductivity in disordered superconductors	CASTELLANI, Claudio
12:05	Mobility edge of atoms in laser speckle potentials: exact calculations versus self-consistent approaches	ORSO, Giuliano
12:20	Lunch Break
