Workshop on Probing and Understanding Exotic Superconductors and Superfluids | (smr 2612)

Thursday 30 October 2014

notitle - LB (Budinich Lecture Hall) (14:00-19:15)

- Conveners: Drake, Tara

time	title	presenter
14:00	Two-dimensional Fermi gases	KOEHL, Michael
14:35	Spin-orbit coupling in an ultracold gas of Dysprosium: prospects towards topological superfluidity	NASCIMBENE, Sylvain
15:10	Towards dipolar quantum many-body physics with ultracold polar molecules	OSPELKAUS, Silke
15:45	Coffee Break	
16:15	Flash Talks Session	
17:15	Poster Session (with refreshments)
