Workshop on Probing and Understanding Exotic Superconductors and Superfluids | (smr 2612)

Tuesday 28 October 2014

notitle - LB (Budinich Lecture Hall) (09:00-10:50)

- Conveners: Baym, Gordon

time	title	presenter
09:00	BCS regime of the two-dimensional fermionic Hubbard model: ground-state phase diagram	PROKOF'EV, Nikolay
09:35	Dynamics and transport in spin orbit coupled BECs	CHEN, Yong P.
09:50	Metal-to-superconductor transition, mesoscopic disorder and intrinsic charge instability in oxide heterostructures	GRILLI, Marco
10:05	Excitonic condensation of strongly correlated electrons	KUNES, Jan
10:20	Coffee Break
