Workshop on Probing and Understanding Exotic Superconductors and Superfluids | (smr 2612)

Tuesday 28 October 2014

notitle - LB (Budinich Lecture Hall) (10:50-14:00)

- Conveners: Van Heumen, Erik

time	title	presenter
10:50	Incidence of electronic correlations on the Superconductivity near the Mott transition in alkali fullerides	ALLOUL, Henri
11:25	First-principles study of the Mott transition and superconductivity in A ₃ C ₆₀	ARITA, Ryotaro
12:00	Downfolding electron-phonon Hamiltonians from ab-initio calculations: application to K ₃ picene	CASULA, Michele
12:15	Lunch Break
