Workshop on Probing and Understanding Exotic Superconductors and Superfluids | (smr 2612)

Tuesday 28 October 2014

notitle - LB (Budinich Lecture Hall) (14:00-19:55)

- Conveners: GIANNETTI, Claudio

time	title	presenter
14:00	Real-time oscillations of the superconducting condensate in a high-Tc superconductor	CARBONE, Fabrizio
14:35	Spectroscopic aspects and pairing glue of superconductivity in the 2D Hubbard model	GULL, Emanuel
15:10	Witnessing quasi-particles in a strongly correlated electron system	FAUSTI, Daniele
15:25	Coffee Break	
15:55	Flash Talks Session	
16:55	Poster Session (with refreshments)
