Workshop on Probing and Understanding Exotic Superconductors and Superfluids | (smr 2612)

Wednesday 29 October 2014

notitle - LB (Budinich Lecture Hall) (09:00-10:55)

- Conveners: Boeri, Lilia

time	title	presenter
09:00	Orbital-driven nematicity and superconductivity in FeSe: NMR study	BUCHNER, Bernd
09:35	Reverse-engineering electronic correlation in Iron superconductors	DE' MEDICI, Luca
10:10	Mass renormalizations and unconventional pairing in multiband superconducting iron pnictides - a phenomenological approach	DRECHSLER, Stefan-Ludwig
10:25	GROUP PHOTO (followed by Coffee Break)
