

International Workshop on Computational Physics and Materials Science:
Total Energy and Force Methods | (smr 2703)

Contribution ID : 11

Type : **not specified**

**DAVID VANDERBILT@60, And his influence on
recent theories of electron-phonon interactions and
superconductivity**

Friday, 16 January 2015 09:00 (1:00)

Content

Summary

Presenter(s) : COHEN, Marvin (UC Berkeley)

Session Classification : In Honor of David Vanderbilt
