# Conference on Frontiers of Nanoscience | (smr 2710)

## Tuesday 25 August 2015

**Classical and quantum nonlinear systems - Leonardo Building - Budinich Lecture Hall  
(14:30-17:00)**

- Conveners: Kravtsov, Vladimir

| time  | title                                                | presenter         |
|-------|------------------------------------------------------|-------------------|
| 14:30 | Intermediate Statistics                              | BOGOMOLNY, Eugene |
| 15:10 | Landau-Zener Physics In a Quantum Electron Turnstile | BASKO, Denis      |
| 15:50 | Coffee break                                         |                   |
| 16:20 | Density Resolved Nonlinear Waves with Disorder       | FLACH, Sergej     |
