Workshop on Uncertainty Quantification in Climate Modeling and Projection | (smr 2718)

Thursday 16 July 2015

notitle - AGH (Giambiagi Lecture Hall) (09:00-17:00)

time	title	presenter
09:00	Calibration of hydrodynamic models	HOU, Z. Jason
10:30	Coffee Break	
11:00	Simpler approaches to exploring Climate Projection Uncertainty	BOOTH, Ben
11:40	Model Predictability Depends on Model Fidelity	SHUKLA, Jagadish
12:20	Lunch Break	
13:30	Participant introductions and introduction to computer lab	
14:00	Exercises related to work on hydrodynamic modeling	HOU, Z. Jason
15:30	Coffee Break	
16:00	Discussion: The problem of specifying priors (Hou)/ How to use observations to test for model skill (Jackson)
