# Workshop on Uncertainty Quantification in Climate Modeling and Projection | (smr 2718)

## Friday 17 July 2015

**notitle - AGH (Giambiagi Lecture Hall) (09:00-16:00)**

time	title	presenter
09:00	Sources of uncertainty inherent in regional climate projections	GIORGI, Filippo
10:30	Coffee Break	
11:00	Parametric sensitivity and autotuning in regional and global climate models	QIAN, Yun
12:00	Lunch Break	
13:30	Participant introductions and introduction to computer lab	
14:00	Discussion: Calibration and propagation of errors within a coupled model setting. How to account for process interactions	
15:30	Wrap-up
