

Advanced Workshop on Cosmological Structures from Reionization to
Galaxies: Combining Efforts from Analytical and Numerical Methods | (smr
2731)

Contribution ID : 55

Type : not specified

On the Statistics of Biased Tracers in the Effective Field Theory of Large Scale Structures

Thursday, 14 May 2015 17:00 (0:15)

Content

Summary

Presenter(s) : VLAH, Zvonimir (Kavli Inst. for Particle Astrophysics and Cosmology, Stanford Univ., U.S.A.)

Session Classification : Afternoon Session
