7th International Workshop on Multiple Partonic Interactions at the LHC | (smr 2732)

Thursday 26 November 2015

**Monte Carlo Development and Tuning - Leonardo Building - Budinich Lecture Hall
(09:00-11:25)**

time	title	presenter
09:00	On the impact of nonperturbative parton correlations on the rate of double parton scattering	S. OSTAPCHENKO
09:25	Multiple scattering in EPOS: Implications for charm production	K. WERNER
09:50	Developments in MC tuning techniques	A. BUCKLEY
10:15	Towards Diffraction in Herwig	F. LOSHAJ
10:40	Coffee Break	
11:00	Quark/gluon jets and colour reconnection	A. SODMOK
